NEWS / WHAT'S ON: FOR ALL TEAM CHURCHES

There is an extraordinary concentration of church history on the streets of London... London Christians have changed the world. Many of them have history within walking distance of each other, and many of them were admirers of the example of the others. Sites associated with Wilberforce, Tyndale, Wesley, Whitefield, Elizabeth Fry, John Newton and many others. Christian Heritage London exists to draw attention to that gospel, to equip churches and to serve the purposes of God in this generation. A Christian Heritage London day includes a tour of the British Museum and a guided walk in the City of London. It is possible to come just for the British Museum or the City component. Please speak to Dave Banks 07526065207 dave.banks@gmx.at to register your interest for a group tour during the summer.

Extraordinary Women: Celebrating the heritage of St Nicholas, Sutton:

It's out of order! Inviting you to "spend a penny" this summer in order to raise £240 (enough for 4 toilets) by *International Toilet Day* on November 19th. Look for collection boxes! For more information, please visit www.toilettwinning.org or speak to Dave Banks for more details. Providing people with clean water and basic sanitation is one of the most **cost-effective** ways to release people from poverty: for every £1 spent on water and sanitation, more than £5 is returned through saved time, increased productivity and reduced health costs.

Community-led total sanitation...It's a bit of a mouthful but it's development-speak for the special approach Toilet Twinning and its partners take. 1 in 3 people across the world don't have somewhere safe to go to the toilet. Bad sanitation is one of the world's biggest killers: it hits women, children, old and sick people hardest. Around half the people in the world have an illness caused by bad sanitation.

Over decades of learning, it's become clear that sanitation projects work best when local people see the need for **improved sanitation** – and make that change happen themselves. We strongly believe that the best way to bring transformation in poor communities is to work with them, rather than doing things for them. It's all about **dignity and self-respect**. But before latrine-building starts, there's **hygiene education** on practices such as handwashing. This is key to **behaviour change** in the long term. Our partners **involve local people** in deciding on the design and materials to be used in latrine building. This means latrines are both appropriate and affordable. People generally build their own latrine, and this means they are much more likely to continue to use it and maintain it – ensuring the project is **sustainable**.

Prayers for our church: As we start the process to find a new Rector for St Nicholas, please pray for the small team that is working on the necessary documentation, for our PCC, and for those who will be on the interview panel, that with God's help they will discern his will for the future of our church, and that God is calling his chosen person to come forward. There will be an opportunity for silent prayer for our church in the Lady Chapel every Tuesday from 10.30am to 11am, and every Sunday morning before the 10.30am service.

A small group meets for Bible study, prayer and mutual support at 7.30pm every Monday at Mary Meldrum's house: 11a Western Road. We are using the book 'Whole Life, Whole Bible' to gain an overview of the Bible as a whole, and to see what it says to our lives, and we would be very pleased if you could join us.

COFFEE MORNING: Huge thanks to Rita Smith for organising her coffee morning. A great time was had by all and an amazing £1,610 was raised for the Organ Repairs. **THANK YOU.**

Our next outing for CUCS will be on Sunday 9 September to visit the exhibition 'Empire of the Sikhs' at the School of Oriental and African Studies, part of London University.
