Employment opportunities - Census 2021

The Government is advertising (through an agency – “Adeco”) a range of jobs connected to next year’s census, to be taken in March 2021 At the top of the pyramid is a role “Census Engagement Officer” (only 200 posts available nation-wide, so sort-of one per local authority), for which applications need to be made on-line by 31st July. The pay is from £18.87 per hour – and is for 37 hours per week, equals £700 per week (28 September 2020 to 14 May 2021). The page for this particular level is

https://www.censusjobs.co.uk/the-roles-overview/community-engagement-roles/census-engagement-manager/

However, the introductory page about it all is

https://www.censusjobs.co.uk/

Looks like they will be advertising jobs for the rest of the year.
